

Chudleigh Community Project

Making Donations Via PayPal

There are 3 courses of action that are available when processing a payment using PayPal:

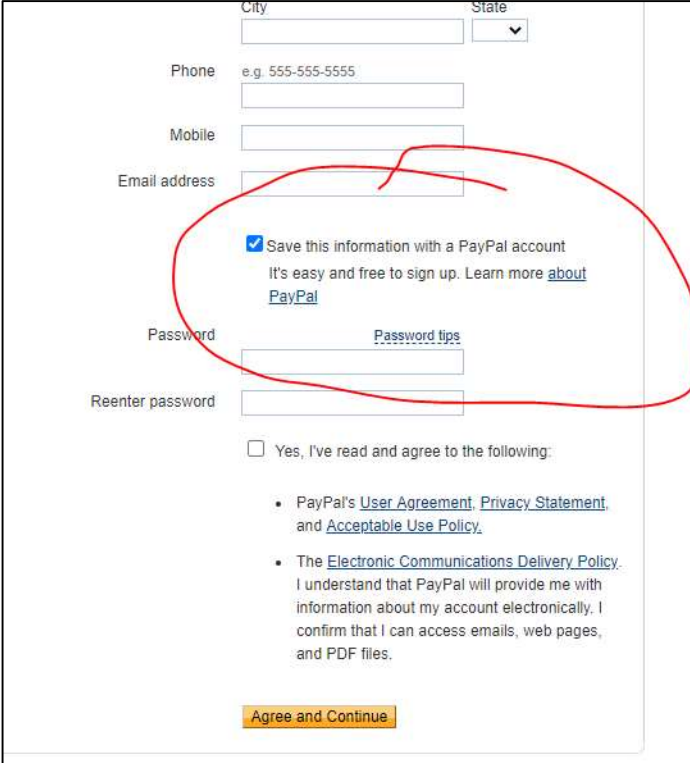

1. Pay through your existing PayPal account
2. Pay by card and ask for PayPal to create an account using your details that were entered.
3. Pay by card as a “one off” payment without setting up a new PayPal account

Whilst we believe that those of you paying via Options 1 or 2 have generally been successful, there have been a number of queries arising out of the use of Option 3.

Option 3: Pay by card as a “one off” payment without setting up a new PayPal account

Some tips:

- 1) Make sure that you have unticked the blue box on the screen shown in the image below. This will remove the account creation/login details below it.

The image shows a screenshot of a PayPal account creation form. The form includes fields for City, State, Phone, Mobile, and Email address. Below these fields is a checkbox labeled "Save this information with a PayPal account" which is checked. A red circle is drawn around this checkbox and the text "It's easy and free to sign up. Learn more [about PayPal](#)". Below this are fields for Password and Reenter password, with a "Password tips" link. At the bottom, there is a checkbox for "Yes, I've read and agree to the following:" followed by links to PayPal's User Agreement, Privacy Statement, and Acceptable Use Policy, and a link to the Electronic Communications Delivery Policy. A yellow "Agree and Continue" button is at the bottom.

- 2) If a login screen comes up with 'Continue without logging in' then click on that link.
- 3) If you come across this problem and the above does not solve it please close your browser completely and wait 10 minutes before trying again.
- 4) If that still doesn't work then email admin@chudleighpool.org.uk and we will try to help.
